2) In G.O. No L 4709-26/ HB 118-33-23 dated 19-12-1935, sanction was accorded for the raising of a debenture loan of Rs 7 lakhs by the Mysore Dt Board. A sum of Rs 4 lakhs was utilised for redeeming the Nanjangud Chamarajanagar Railway loan and the balance of Rs 3 lakhs for meeting the Dt Board share of the cost of the bridge across the Kabbini at T. Narsipur and for the development and improvement of roads in the District.

3) While passing orders on the budget of the Mysore Dt Board for the year 1937-38, Govt directed that the interest charges in respect of the

Debenture drawn should be apportioned in the ratio of 3/7 : 4/7 between the normal Distt Board account and the Railway Cess account as the drawn amount was spent in the same proportion. It was suggested by the Comptroller, while forwarding his remarks on the current year's budget of the Dt Board, that the amount of the Sinking Fund should also be apportioned in the proportion referred to above for the reasons mentioned above.

4) The President, Dt Bd, Mysore states that a debenture loan of Rs 8 lakhs had been raised by the Mysore Dt Bd in the year 1924-25 for the Nanjangud-Chamarajanagar Railway line and that, in order to meet the sinking fund and interest charges which amounted to Rs 87,000, a portion of the normal funds had to be earmarked, as the railway cess collections and the profit from the railway earnings were not sufficient to meet these charges. He therefore states that vice versa it is but reasonable that the Railway Cess funds are earmarked for meeting the sinking fund and interest charges

in respect of the sum of Rs 3 lakhs allocated for Public Works. Besides, he states that the proposal of the Dt Board was to earmark the railway cess collections and the railway earnings for the discharge of the entire loan of Rs 7 lakhs and that Govt have simply sanctioned the proposal of the Dt Board without any modifications. He therefore states that the splitting up of the loan into two parts viz (1) Rs 4 lakhs for Railway and (2) Rs 3 lakhs for Public Works is not called for and requests that orders be issued for earmarking the Railway cess fund for the discharge of the entire loan.

5) Section 68(4) of the Dt Boards Act permits the Dt Boards to utilise, with the previous sanction of Govt, the Railway cess for the construction and improvement of roads and bridges in the Districts concerned. It seems, therefore, justifiable if the Railway cess is also utilised for the discharge of a loan raised for the execution of Capital Public Works.

6) While issuing orders on the current year's

Under sub-section 4 of Section 68 of the Amended Regulation of 1936, railway cess can be utilised with the sanction of Government for the construction of new roads and bridges or for the improvement of existing roads and bridges. As the sum of 3 lakhs of rupees referred to is said to have been utilised for the construction of Kapini Bridge and road improvement works, the discharge of the loan raised therefor from the Railway Cess Fund by the creation of a sinking fund and contributing a fixed annual sum frm the Cess Funds under Government sanction seems appropriate and is in accordance with the Regulation.

From

B. S. PUTTASWAMY, Esq., B.A., B.L.,
PRESIDENT, DISTRICT BOARD,
MYSORE DISTRICT, MYSORE.

To

P. H. KRISHNA RAO, ESQ., M.A.,
Secretary to Government of Mysore,
Local Self Government Department, Bangalore.

Through the Deputy Commissioner, Mysore District.

Sir,

I have the honour to state that in the year 1924-25, the District Board, Mysore, decided to take up huge capital works such as the extending of the Railway Lines from Nanjangud to - Chamarajanagar. In order to meet the heavy expenditure involved therein, the Board with the kind approval of Government raised a public loan of Rs 8,00,000 by issuing the debentures carrying - interest at 7 percent per annum. The question of the annual - payment of interest on the capital and of the formation of a - Sinking Fund for the discharge of the loan, were naturally t h e next items which the Board had to consider then. Under the scheme drawn up with the approval of Government for this purpose, the entire realisations from the Railway Cess together with the n e t profit from the railway earnings after deducting the expenditure on capital works, were ear-marked for the above purpose.

2. But these sources were found insufficient as the - payment of interest alone came up to Rs 56,000 a year, and the contribution to Sinking Fund was Rs 31,000/=

3. The balance had to be made up from the General - Revenues of the District Board and thus for a period of 10 years, the District Board paid considerable sums from its revenues - towards the debenture loan and its interest.

4. In the year 1934, the District Board had the option to discharge the entire loan or a part of it. As ~~this~~ the original

loan was carrying a heavy rate of interest, it was thought desirable to discharge this loan even by raising a fresh loan at a low rate of interest.

5. At this time the Government of India were kind enough to grant a moiety of expenditure if a bridge across Kabini were constructed.

6. The Board therefore decided to take advantage of the generous donations of the Government of India and the contribution from the District Board was estimated at rupees two lakhs under this item. Besides some of the important District Fund roads required urgent improvements involving an expenditure nearly a lakh of rupees. Thus the above two items required a sum of rupees three lakhs and another sum of four lakhs was required for the redemption of the entire loan raised in 1924-25 as the amount of Sinking Fund at the credit of the District Board stood at only four lakhs of rupees.

7. The Government was kind enough to sanction a loan of seven lakhs of rupees at 5½ percent in the year 1934-35.

8. With this seven lakhs of rupees together with four lakhs at the credit of the District Board under Sinking Fund, the Board was able to discharge the entire loan of 1924-25 and pay its contribution of two lakhs of rupees towards the construction of Kabini Bridge and one lakh for improvement of roads.

9. When the money market was very cheap, it was again thought desirable to raise a public loan at 3½ percent and discharge the Government loan which was carrying a heavy rate of interest viz., 5½ percent. The Government with usual generosity sanctioned this scheme also in their Order No. L. 4709-26 L.B.118-33-23 dated 18/19-12-1935. A kind perusal of the correspondence relating to this scheme will show that the realisations from the Railway Cess and net earnings from the railway accounts were ear-marked for the payment of the interest of the loan and for

for building up a Sinking Fund for the redemption of the loan.

10. In para 2 of my letter No.C.1458/L.B.34-35 dated 22-4-1935(copy of which is herein enclosed for ready reference), it has been clearly stated that the payment of interest and contribution to the Sinking Fund would be met from the Railway Accounts. The Government have sanctioned this proposal without any modification in their order referred to above The contribution to the Sinking Fund has been fixed by the Comptroller at Rs 41,000/- annually which is Rs 10,000/- more than what it was, when we had a loan of 8 lakhs of rupees in the year 1924-25. The amount of interest on the loan that the Board has to pay comes to Rs 24,500/

11. While sanctioning the Budget for 1936-37 and 1937-38 the Government have observed that the expenditure on this account should be debited to the General Revenues of the Board and the Railway accounts in the ratio of ~~3 is to~~ 3:4. May I be permitted in this connection to state that the splitting up of the loan into four lakhs and 3 lakhs as railway loan and District Board loan respectively and ~~the~~ apportioning ~~of~~ the interest and Sinking Fund charges in accordance with that ratio would be iniquitious in as much as the fact of the District Board having paid considerable sums towards this item from the General Revenue during the period of 10 years from 1924-25 to 1934-35, has not been taken into consideration at all. Moreover, the sum of three lakhs that the District Board has spent out of this loan has been utilised for purposes of improving the means of communications within the District. The other District Boards in the State have been kindly permitted by Government to utilise the income of the Railway cess for improving the roads etc., May I therefore venture to suggest that the splitting up of this loan into two parts as Railway Loan and District Board Loan would not be in accordance with the liberal policy ~~Pursued~~ pursued by Government relating to the utilisation of the railway cess?

12. The Government are fully aware of the financial stringency of the Board and if a portion of interest and Sinking Fund charges are debited to the general revenues of the Board as suggested by the Comptroller, the Board would find itself in a difficult situation to meet their obligatory charges.

13. May I therefore strongly appeal to the Government that the income from all items under the Railway Account should alone be made the proper source for the discharge of interest and for the contribution towards the Sinking Fund as well?

I have the honor to be

Letter No.C.1458 L.B.34-35 dated 22nd April 1935 from the President, District Board, Mysore, to the Development Secretary to Government, Bangalore through the Deputy Commissioner, Mysore District.

Subject:- Requesting sanction to float a loan of seven lakhs.

I have the honour to state that as per Government Order No.L.8322-4 L.B.118-33-3 dated 17th May 1934, a loan of seven lakhs of rupees is sanctioned to the Board at 5½ % interest. The Board at their meeting held on 26th February 1935 considered this matter and that in view of the fact that this loan bears a heavy rate of interest at 5½ %, they have resolved that to reduce this heavy rate of interest a loan may be floated from the public at 4 % interest thus reducing the rate of interest by 1½ %. This will result in a savings of Rs 10,500/- every year. A copy of the resolution passed by them in this connection is enclosed herewith.

2. In these days of financial stringency a savings of Rs 10,500/- will go a great way in improving the finances of the Board. The repayment can be arranged without any difficulty out of the income from the Railways and Railway Cess as at present. The Nanjangud-Chamarajanagar Railway Loan is completely discharged and there is no necessity to provide for payment of interest and Sinking Fund as before. The Board have further resolved that the Government be requested to kindly guarantee the repayment of the loan with interest as they were pleased to do in the case of Nanjangud-Chamarajanagar Railway Loan. This will be an impetus to the public to subscribe for the loan. By this the rate of interest will become less; and the Board are sure of getting a guaranteed income of about Rs 22,000/- as their share of revenue from the Railways and Rs 60,000/- from the Railway Cess. So, they can conveniently pay the interest of about Rs 28,000/- and form a Sinking Fund sufficient to discharge the loan by paying about Rs 25,000/- every year. As such the Government can guarantee the repayment of the loan.

3. In the above circumstances, I request that sanction of Government may kindly be accorded to float a loan of seven lakhs of rupees at 4 % interest from the public payable in 20 years. The Government may also be graciously pleased to kindly guarantee the repayment of the loan. On receipt of orders of Government the required prospectus etc., will be submitted for the approval and orders of Government.

3. Consideration of the question of floating a loan at a lower rate of interest than the one now obtained at 5½ % from Government.

District Board Resolution:-

A. That in view of the fact that the present loan from the Government carries a heavy rate of interest at 5½ % the Board resolves that the Government be requested to permit the Board to raise a loan of seven lakhs of rupees from the public at 4% per annum and redeem the loan from Government.

B. The Government be requested to kindly guarantee the repayment of this loan with interest.

C. That after the sanction of the above resolutions of the Board for floating the said loan the President be authorised to take all further action in the matter.

BUDGET ESTIMATES OF THE MYSORE DISTRICT BOARD

FOR THE YEAR 1937 - 1938.

Y. S. K.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS

THE MAHARAJA OF MYSORE.

Read:-

Letter No.24/L.A.D.dated 20th July 1937 from the Comptroller to Government submitting with his remarks the Budget Estimates of the Mysore District Board for the year 1937-1938.

ORDER NO.L.3249-53/L.B.46-37-9

Dated, Bangalore, the 30th September 1937.

The cash balance in the Treasury at the credit of the District Board on 1st July 1937 was Rs 42,569-11-0. The District Board has an investment of Rs.1,12,567/- as noted below:-

	Rs.
(a) Government Savings Bank Fixed Deposit at 3½ % interest.	9,000/-
(b) Government Savings Bank Fixed Deposit at 3½ % interest.	4,700/-
(c) Government Savings Bank Ordinary Deposit.	98,867/-
	1,12,567/-

(2) The District Board anticipates an income of Rs 3,51,036/- during the year 1937-38, the principal heads of revenue being -

i) A.Local Cess	Rs 1,76,000/-
ii) C.Tolls and Ferries.	25700/-
iii) D.Fees, fines and miscellaneous	66,300/-
iv) E.E.Railways.	76,000/-

The following modifications are made on the receipts side of the Budget:-

Budget Head.	As estimated by the District Board.	As sanctioned by Government	Remarks.
C1.Tolls.	Rs 25,000/-	Rs 19,415/-	The compensation from Government to the District Board on account of the loss of revenue from tolls on motor vehicles would amount to Rs13,415/- based on the amount paid for the half year ended 30th June 1936. Expecting a revenue of Rs 6000/- from Ad.Hoc. toll gates the total provision of Rs19,415/- is made under this head.
D14.Interest on investments.	2,500/-	1,500/-	As the District Board will have to withdraw a portion of its investments for meeting the heavy commitments on hand, the income under the head will get reduced.

Budget Head.	As estimated by the District Board.	As sanctioned by Government.	Remarks.
	Rs.	Rs.	
D19.Road Cess.	36,100/-	30,000/-	Based on the amount provisionally fixed by the Government for the half year ended 30th June 1936.
₹.Public Debt Withdrawal from investments.	Nil	50,000/-	It is necessary to withdraw from the ordinary deposits in the Government Savings Bank to the extent of Rs 50,000/- in order to balance the budget and maintain the minimum working balance.

(3) The District Board has provided for a total expenditure of Rs 3,43,610/- during the year 1937-38. The following modifications are made for the reasons noted against each item:

Budget head.	As proposed by the District Board	As sanctioned by Government.	Remarks
	Rs.	Rs.	
A(1)Original Works.	19,000/-	70,525/-	The provision is increased in view of the following commitments:- 1.District Board share of half the cost of constructing a bridge across the Shimsha river. Rs 39,150/- 2.District Board grant towards the Grainage building at Mangala Rs 5,000/- 3.District Board share of ¼ cost of improvements to Mandya-Nagamangala road. Rs 4,875/- 4.Special repairs to Seringapatam Chennarayapatna road. Rs 2,500/- (The District Board has provided only a sum of Rs 2,500/- as against Rs 5,000/- actually required).
A2.Repairs.	75,160/-	75,360/-	Maintenance of Alahalli-Tagararam road. Rs 200/-
D2(d) Contribution to Unani and Ayurvedic dispensaries	8,600/-	8,040/-	The sum of Rs 560/- provided for new dispensaries is deleted, as this is an optional item of expenditure and may be deferred.
D2(a) Charge allowance.	3,640/-	3,880/-	A provision of Rs 240/- has to be made for charge allowance to the Sub Assistant Surgeons of Maddur and Besagarhalli for visiting Koppa and Chikkarasinakere.
D2(a)(6) Country Medicines.	3029/-	3,369/-	The District Board has not provided for the payment of arrears to the Medical stores amounting to Rs 339-14-0.

E2.D.Interest on Debenture Loan.'	Nil.	10,500/-	The interest has to be debited to the General Revenues and the Railway account in the proportion of 3/7 and 4/7 respectively.
E.E.Interest on Debenture Loan.	24,500/-	14,000/-	-do- -do-

(4) With the above modifications, the abstract figures of the Budget stand as follows:-

Opening balance Rs.42569/

Receipts	Rs.	
Normal	2,60,851	
Special	1,27,500	3,88,351/
		4,30,920/

Expenditure.

Normal	2,75,330	
Special	1,20,025	3,95,355/

Closing balance. 35,565/

The normal expenditure is above the normal income and the closing balance is just below the prescribed minimum. The financial condition of the District Board cannot be said to be satisfactory, as the minimum working balance could not be maintained even after withdrawing from the investments. Prompt steps should be taken to collect the arrears under "Markets" amounting to Rs.9,802/-.
